Hi Allison:

You may have already answered all of Lee Berquist's questions below, but I am forwarding an e-mail from him with questions he has about EPA's Groundwater Sampling Project, which was sent to me on May 2, 2018.

We can discuss these questions or I can send you responses to them if you have not already responded. Please let me know the next steps.

Sincerely,

Hi Cheryl,

I have been directed to you to answer questions on the EPA's visit to Juneau County on Monday. I'd like to know more about why you were there and what you were looking for. Can you please call as soon as possible?

Thanks

Lee
